NR DZIAŁEK  
177/18; 177/17

An aerial photograph of a residential area. A red square highlights a specific plot of land, which is a small, roughly square-shaped area. The surrounding area includes several larger, irregularly shaped plots, some of which are outlined in black. The map shows a network of roads and pathways, with a prominent road running diagonally across the upper right portion of the image. The overall layout suggests a planned or semi-planned residential development.
